

TRAVIS TIGER SOFTBALL TEAM

Travis vs. Dulles

MASCOT INFORMATION

Common Name- Siberian or Amur Tiger

Population Status- There are an estimated 5000 tigers left in the wild. There are also more Siberian tigers in zoos than in the wild.

Location In The World- Tigers are found primarily in the Russian Far East, with small population in areas of Northern and Southern Korea.

Size- Siberian tigers of the Russian far east are much bigger than the Bengal tigers found in India. They have a thicker layer of fur and a layer of fat along their flanks to help protect them
